

FOURTEENTH INTERNATIONAL WORKSHOP ON TAMIL EPIGRAPHY

Tamil Epigraphy: Corpus Analysis, Database Construction and Information Retrieval

Organised in collaboration with the Department of Maritime History and Marine Archaeology and Department of Linguistics, Tamil University, Thanjavur, and Centre of Advanced Study in Linguistics, Annamalai University, Tamil Nadu, India, 3-12 October 2018

We are pleased to announce the **Fourteenth International Workshop on Tamil Epigraphy, to be held from 3 to 12 October 2018 in Tamil Nadu, India**. We have organised thirteen international workshops on Tamil Epigraphy since 2003. Based on constructive feedback received from the participants of the past workshops, we are planning to offer a new series of epigraphy trainings that will concentrate on computer-aided corpus analysis, language and linguistic analysis and information retrieval techniques in a variety of complimentary disciplines. This workshop is meant for doctoral students and advanced researchers who desire to gain advanced skills in Tamil epigraphy. The sessions will be presented in English.

The workshop will focus on how to read and interpret inscriptions along with providing exposure to available tools to analyse and synthesize them. The major aim of this workshop is to lay emphasis on the techniques of compiling and using Tamil epigraphic database as well as techniques to be used in corpus based text analysis and information retrieval.

Course coordinators
